Experience:

As per NCISM norms Salary:

Based on experience, with an attractive hike

Job Summary:

We are seeking an experienced **Professor in Kaumarbhritya (Bala Roga)** who specializes in **Ayurvedic pediatric healthcare**, covering **neonatal care, childhood immunity, developmental health, and disease prevention**. The selected candidate will **mentor students, lead clinical training, and drive academic research** in Ayurvedic pediatrics, ensuring comprehensive knowledge in traditional and modern child wellness practices.

Key Responsibilities:

- Deliver **lectures and clinical training** on Ayurvedic approaches to neonatal care, childhood diseases, and pediatric nutrition.
- Teach students about **Garbha Sanskar (prenatal care), Stanya Pana (breastfeeding practices), and Bala Roga treatment protocols**.
- Supervise **hospital-based pediatric training**, ensuring students develop real-world diagnostic and therapeutic expertise.
- Guide **postgraduate students in research projects**, focusing on Ayurvedic immunity- building therapies and herbal formulations for pediatric disorders.
- Develop **innovative curriculum strategies**, integrating classical Ayurvedic pediatric principles with modern child healthcare methodologies.
- Participate in **faculty meetings, academic seminars, and national Ayurveda conferences**, contributing to the advancement of pediatric Ayurveda.
- Mentor students in **case study analysis, academic writing, and research-based clinical applications in pediatric medicine**.

Qualifications Required:

- **Educational Requirement:** BAMS C M.D. (Kaumarbhritya - Bala Roga)
- **Experience:** Prior teaching and clinical experience in Ayurvedic pediatrics preferred.
- **Additional Skills:** Expertise in Ayurvedic child care, strong analytical abilities, mentorship skills, and research proficiency in pediatric Ayurvedic healthcare.

How to Apply:

- Interested candidates should submit their **updated CV** via email: **hr@djentalcollege.com**
